Information on Shoes.

Broken ones or stocks of boots and shoes from one to two years old are not worth over 40 cents on the dollar. So says Pingree & Smith, of Decatur. Leonard Bros., of New York and Cline & Thayer, of Milford, Mass. The above well known firms represent several million dollars and have made it all in the shoe business. So you can see when we offer a broken lot of ladies' shoes formerly sold at \$5 to \$5.50 and cut them down to \$2 there is no loss, but the shoes are sold at 20 per cent. less than the first cost. Now as Powers is about through with the high priced shoes we promise to sell you almost anything you want for boys, ladies, misses and men for 75 cents to \$1 a pair, commencing this morning.

POWERS' SHOE STORE.

Do You Wear Pants?

If so call at Watson & Hughes steam power tailoring establishment and see the elegant line just received. Over 75 new styles, ranging from \$2.50 to \$9.00. Also suitings of all styles, from \$17.00 to \$35.00. Overcoats from \$20.00 to \$38.00. We are making more clothing than all other merchant tailors combined, consequently can save you 25 per cent. Call early before the rush.

WATSON & HUGHES, 137 E. Main St.

Not Tools.

Notice some adds in recent issues of Decatur papers where they say people are fools because they (who people) trade with us. Such insolence ought to be "sat down on" and will be. The people crowd our store and the verdict of the people is always right. They are not fools.

PLAN OF THE WORK.

How the Industrial and Charitable Union Will Aid the Poor.

The executive board of the Industrial and Charitable union met yesterday morning at the Woman's club room in the Gallagher building and completed the final arrangements for beginning the winter's work. The board will meet on the first Tuesday of the month hereafter. The secretary, Mrs. M. A. Bradley, will begin work at once.

The office of the Industrial and Charitable union, ground door from Water on South Park street, will be opened next Monday. At present office hours will be from 9 to 12 o'clock a. m. and donations of clothing, bedding, carpet rags, quilt patches, etc., are solicited. Some one will be at the office to secure these donations every morning next week. Clothing unfit for anything but carpet rags or rags, will be used by the Industrial league, in their schools.

The secretary of the union, Mrs. M. A. Bradley, will also commence the canvass of the city, for the sale of "reference cards." These cards, in packages of 25, will be furnished to all subscribers to the union. A subscription of \$4 will entitle any business man or family to as many of these cards as they require for one year. When any subscriber knows of any case of want, or when any beggar applies for relief, the union pledges itself to investigate and "dispose of the cases as true charity dictates," upon the presentation of one of these cards to the secretary. This will relieve business houses of the incubus of beggars, and insure that all worthy cases of distress will be relieved.

The union also proposes to open an exchange for the sale of women's work very soon, and also a free intelligence office where any one wanting work can register name and address, and employees will know where to apply for help.

Do not forget that the room next to Dunsen & Marcott's furniture store is the place to send your donations. Thanksgiving week is a good time to look over your store and see what you can for the poor.

A Verdict of Thirty-One Years.

For 31 years the public has been using the well known brands of flour manufactured by the Shellabarger mill, and as evidence of their popularity, the capacity of our mills has been increased from the little 50-barrel burr mill to our present 800-barrel full roller process mill, and our trade exceeds that of any mill in this state. This certainly proves that our flour still takes the lead. In the year 1859 we changed our mills from the burr system to the roller process, (the first mill in the state to use rolls) and since that time we have never changed our brands, White Wheat and XXXX, to the popular and well known White Loaf and Daily Bread brands. Since the change in our system and brands our competitors have been using every means possible to duplicate both our flour and brands. They find it impossible to do so, but in some instances have deceived the public by the similarity between their brands and ours—for at a glance one would see no difference between the brands, because the name, design and color are similar to our White Loaf and Daily Bread brands. But the quality of the flour will tell and the public will soon discover the difference. We would caution the public in reference to this, and to see that every sack has either White Loaf or Daily Bread branded on same and the full firm name. Thanking the public for the substantial evidence of their verdict as to the quality of our flour, we are,

Very Truly Yours,

Burned by a Natural Gas Explosion.

A special dispatch from Washington, Woodford county, says that a serious explosion took place at the natural gas well there yesterday, caused by the careless lighting of a match. Hereafter the ladies of St. John's church will hold their market at the rooms of Mrs. S. A. Estes, on west side of Library block. Particular attention is called to their superior mince meat, catsup, Chili sauce, etc.

The ladies of the Christian church will serve their annual dinner and supper and give their annual festival on Thanksgiving Day, in the room occupied by Cann & Co. The public is invited.

Boston Transcript.

Disappearance of a Catholic Priest.

SPRINGFIELD, Ill., Nov. 21.—Rev. Daniel J. Ryan, father in charge of St. Joseph's church, has disappeared without notice to his parishioners or friends. Where he is now no one knows, and no good reason can be advanced for his going, although it has been stated that he has been in poor health for some time past, and it is thought that he is suffering from mental derangement. Saturday he went to make a sick call at a farmer's in Fancy Creek township. Here he made some plausible excuse for leaving his horse, asking the farmer to care for it, and he has been seen since that time. He was last seen making in the direction of Sherman, a small station on the Chicago & Alton railway, six miles north of this city. Parties who know him claim to have seen him board the early south-bound train Saturday morning at that point, but little evidence is placed in this statement. Father Ryan is about 35 years old, has been in charge of St. Joseph's church for several years, and has been an excellent reputation so far as known. Some express grave fears as to whether he has not met with a fatal accident or foul play.

Commendable.

All claims not consistent with the high character of Syrup of Figs, are purposely avoided by the Cal. Fig Syrup company. It acts gently on the kidney, liver and bowels, changing the system effectually, but it is not a cure-all, and makes no pretensions that every bottle will not substantiate.

Thanks.

We are truly thankful to our kind competitors for helping to advertise our final closing out sale. They are aroused by the fact that we are selling goods better than theirs at less money than they can buy them for.

Inherited Scrofula.

Swift's Specific (S. S. S.) cured my little boy of hereditary scrofula, which broke out all over his face. For a year he had suffered, and I had given up all hopes of his recovery, when at length I decided to use S. S. S. After using a few bottles he was entirely cured. Not a symptom now remains of the disease. This was three years ago.

TRADE MARK

In the early part of last year I had a violent attack of rheumatism, from which I was confined to my bed for over three months and at times was unable to turn myself in bed, or even raise the cover. A nurse had to be in constant attendance day and night. I was so feeble that what little nourishment I took had to be given me with a spoon. After calling in the best local physicians, and trying all other medicines without receiving any benefit, I was induced by friends to try Swift's Specific (S. S. S.). I discontinued all other medicine, and took a course of S. S. S. thirteen small bottles, which effected a complete and permanent cure.

Mrs. Dorell and Mrs. Goodwin, of Olney, stopped in the city yesterday on their way home from Springfield, where they attended the state lodge of the Daughters of Rebekah, as delegates. While here they were the guests of Mrs. A. G. Gist.

"The Buckeye" is one of those stage pictures of true home life that the American people never weary of, as was evidenced by the marked appreciation manifested by the audience at the Grand last evening. In this play the chief charm lies in its naturalness. There is no exaggerated straining after effects, the humor is quiet but continuous, and many homely maxims common among country folk supplied the moral to the tale, and brought back pleasant remembrances to many of the listeners.

Lizzie Evans, as "Mary Jane," acted the part of the girl romping according to regulation fashion, and introduced many taking variations of her own. She is little, but comely. Her support was above the average, special mention being due the work of Miss Maria Clifton, as "Betsy Strong." The entertainment was a popular one and the general verdict was one of hearty approval. There will be a matinee performance this afternoon at which the comedy of English life "Fine Feathers," will be presented with Lizzie Evans as Meridew. To-night the company will make its last appearance in a romantic comedy, "Our Angel" with Miss Evans as "Blossom Jennings."

The Decatur Railway.

Frank E. Snow, president of the Decatur Electric Street Car line, arrived in the city yesterday afternoon and is now at the St. Nicholas.

The company had car No. 4 out yesterday for the first time. It was run slowly a few trips. The affairs of the road seem to have taken a better turn. More cars are now running than ever before at one time, and business is getting better.

Decatur Limous.

John Wood, one of the best hunters in Decatur, got in last night from a two-days hunt out to a point 18 miles west of the city and back. For his two days' work he had a total of 56 quail shot by himself.

Louis Steinbach, Phil Mueller and Willis Johnson went out yesterday afternoon. They came back by 5:30 with 11 rabbits and 14 quail.

Stole a Meat.

A sneak thief slipped into the house of William Moore, 418 East Prairie street, some time Thursday night, and stole his supper. The door had been left unlocked, a boarder to come in. The thief discovered it and went in himself. He took nothing but a good square meal. He found ready cooked in the cupboard.

Born.

A son was born on Nov. 23, to Mr. and Mrs. E. D. Hickey, at 335 North Jasper street.

Death of a Brother.

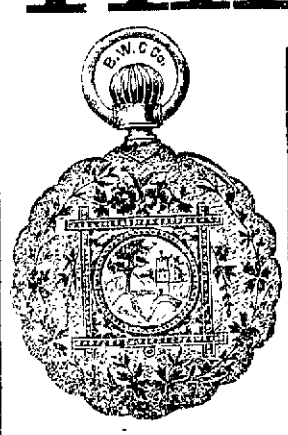

Mrs. W. H. Bramble received a telegram yesterday announcing the death at Lafayette, Ind., of her brother, John Shyback, a wealthy farmer living near that place. He was a brother of Col. Shyback, killed at St. Louis by John F. Cockerill some years ago. Mrs. Bramble will attend the funeral.

Death of a Baby.

The little two years old baby of Mr. and Mrs. C. L. Anderson, died yesterday morning. The body was taken in the afternoon to Windsor, Ill., for burial.

FOR DINNER TO-MORROW.

What the Market Offers and How Much.

The housekeeper will find to-day a good supply of poultry, a little game, and about the same line of vegetables and fruits that have been on sale for weeks. Perhaps the line is growing shorter, however, and as there are not so many fruits or vegetables either. The raw evaporated, dried and pressed fruits are on sale, and some nice looking display are made.

The poultry market already shows the influence of the Thanksgiving preparations of President Harrison and Gov. Fifer. Thanksgiving packages of chicken and here and there a turkey, serve to catch the human appetite up to the regulation standard for giving thanks through the stomach. This may be a sort of a roundabout route for reaching the seat of thanksgiving in the human makeup in the minds of some, and yet it is the proper way, after all, because a good, full stomach is the basis upon which is reared the Thanksgiving struggle, and if it is out at the knees the thanksgiving will soon freeze over. The whole question, however, had better be postponed until next Thursday, when it can be more pleasantly discussed with turkey and cranberry sauce.

"Turkeys" are scarcer than before for many years," said a well-known poultry dealer to a Reviewer yesterday, "and will go up in price this week."

"Turkeys" are more plentiful than before for many years," said another well-known dealer in poultry a few minutes afterwards, "and will probably not go much higher than at present." The purchasers of a Thanksgiving turkey can pay his money and take his choice of tows.

The general verdict, however, seemed to be that turkeys were plentiful; or at any rate that there would be a good Thanksgiving supply at fair prices. To-day the price will be 15c a pound, and it is not likely that it will be much lower than that. Some game and ducks will be brought in to-day and sold at 75c to \$1 each for geese, and 25c to 35c each for the ducks.

Quail, rabbits, and squirrels are the only game offered. They find a ready sale, and with the exception of rabbits, do not stay in the market long.

Apples for winter are getting higher. A good winter apple cannot be gotten now for much less than \$1 a bushel. All we will get will come from other states. They are being shipped in now from Michigan. They are fine in quality. The only good grapes offered are Malaga, Florida oranges in good quality, and now on sale at lowest prices. Cranberries are offered. Evaporated and dried fruits are a little higher than last year.

Irish potatoes are plentiful, and will not be likely to advance in price soon. Jersey sweet potatoes are the only ones offered now. The home grown got so poor that they could hardly be handled. Soup bunches and fresh lettuce looks attractive. Split peas for soup is a new article in the market.

The following prices are quoted by our best dealers:

Death of a Brother.

Mrs. W. H. Bramble received a telegram yesterday announcing the death at Lafayette, Ind., of her brother, John Shyback, a wealthy farmer living near that place. He was a brother of Col. Shyback, killed at St. Louis by John F. Cockerill some years ago. Mrs. Bramble will attend the funeral.

Death of a Baby.

The little two years old baby of Mr. and Mrs. C. L. Anderson, died yesterday morning. The body was taken in the afternoon to Windsor, Ill., for burial.

About Faunce.

"I am satisfied yet," said Attorney Joe R. Barnes, who defended Jack Faunce in his trial, "that Faunce was innocent. It is not likely that any effort will be made to get him out of the penitentiary however, because that takes money, and neither he nor his friends have any money. I expect soon though to have an affidavit from the colored man with whom one of the prosecution's main witnesses was living just before the trial. The man will swear that she told him more than once that she didn't know any more about the Faunce case than what she was told. The affidavit would do me a great deal of good now, because the time for arguing a motion for a new trial is passed and the record is closed, but it is some satisfaction to have it.

"Mrs. Faunce, mother of Jack, is confident that he is innocent, and is in hopes that some time the guilty man will be discovered, and then her son will be released.

"The night Faunce was told that he had to go to jail to Juliet he didn't seem to care. He sent for me and I went to see him at the jail. He spoke as unconcerned as he would if he were going to serve out a jail sentence of 30 days, instead of a life sentence at hard labor. He didn't show the least particle of feeling. Not near as much as I felt. It was not nerve, nor self-possession. It was simply an absence of all feeling. He had no shame, felt no disgrace, and cared only for the little discomfort that he might expect to experience. He did think me earnestly though, for what I had done."

The School Club.

The High School Debating club convened last night in their large room on the third floor, which was comfortably crowded by an audience chiefly of young people, who passed the evening pleasantly with music, instrumental and vocal, essays, speeches, and debates. It was the first of the weekly meetings. Visitors' night is reserved once a month. The literary society is formed of scholars of the high school, and the interest evinced by the public is attested by the large turnouts on the monthly occasions.

After a solo by Miss Alice Keilhor, a reading by Hugh Bone was warmly applauded. Mr. Westerman favored the company with an admirably delivered essay. This was followed by a unique recitation by M. Johnson, that was a voice from the future. An essay by W. Armstrong was then read, and next an extemporaneous speech and the weeks' lectures by Adam and D. Knorr, closed the first session.

When the assembly had been brought to order, the subject for debate was announced: "Resolved, that New York is better situated and has more facilities for holding the World's Fair than Chicago."

A. Hartley and A. Walte seconded Chicago's cause, while C. Mitchell and C. Armstrong appeared in New York's behalf. Both sides were represented by such strong arguments that the result remained a doubt until the judges rendered their decisions in favor of the negative. That closed the work of the evening.

Dot Wolganott's Wedding.

The Spokan Daily Review of Nov. 17 contains a long account of the marriage of Miss Dot Wolganott to Frank T. McCullough. She is a daughter of John F. Wolganott, until recently of Springfield, the niece of Mrs. J. R. Race, and as well known to Decatur as if she had resided here for years. The wedding took place in All Saint's Episcopal church. The ceremony was performed by Rev. C. B. Crawford, while Mrs. Harry Baxter played the wedding march. Charles Heinle, of Springfield, was one of the ushers. The bride's dress was of heavy, pure white faille silk with train, bridal veil, pearl necklace, and bouquet of bridal roses. Mr. and Mrs. McCullough left after the wedding for an extended visit in California.

A Spelling Bee.

An old fashioned spelling bee was given at Stagg's Chapel union last night, that was well attended and afforded a pleasant evening for those interested in that mission. James Spence and Miss Ella Harper "chose up." J. W. Crane gave out the words. Miss Mary Murphy was the last one to "go down." Afterwards a musical program was rendered by Herbert Gureham, Thomas Long and Mrs. S. O. Johnson. Oysters and other refreshments were served by Mesdames B. F. Mills, Sarah A. Spence, George Downey, Martha Dorrell and J. O. Johnson. Twelve dollars were made clear to buy a stove and lamps for the mission.

Our Hunters Home.

The Decatur hunting party that has been at Wapawello, Mo., hunting and fishing about four weeks, returned home yesterday morning in only a tolerably good humor. They had a good time, and got considerable small game and fish, but only two deer. Wild turkeys were plentiful. The weather was bad at the last.

They found however a fine place about 14 miles from where they were. They will go to that next year and expect to have much better luck.

Knee Hurt.

While trying to get on a cot Thursday afternoon, Jimmy Johnson, the 12 year old son of Hiram Johnson, was thrown to the ground. The cap of his left knee was knocked loose and so badly hurt that it is doubtful if he will be able to use that leg freely for some time. Dr. Everett J. Brown was called on for the necessary surgical attention.

Death of a Baby.

The little two years old baby of Mr. and Mrs. C. L. Anderson, died yesterday morning. The body was taken in the afternoon to Windsor, Ill., for burial.

RAILROAD ITEMS.

John Daly has returned from a business trip to Milwaukee.

W. S. Shoemaker, Washash general foreman, went to Chicago last night.

Switch Tender McWhiney is back at work on the Washash after a lay off of 10 days.

Conductor Jesse Weems, on Washash trains Nos. 44 and 45, is taking a vacation, and Conductor J. J. Vasconcellos is running in his place.

Business on the Illinois Central is as good as it ever was. Extra trains are frequent. A large part of the rush is caused by the shipment of coal from mines south of here to places north. Trains of empty coal cars almost a mile long go south several times a day.

A movement is on foot looking to the reinstatement of E. T. Jeffery as general manager of the Illinois Central railroad, or rather his election as president of the company at its next annual meeting. English and Holland, bondholders, do not indorse the action of Acting President Hartman, which resulted in the retirement of Mr. Jeffery. It is also claimed that President Fish favors the reinstatement of Mr. Jeffery.

Cars Scarce.

Cars have been very scarce all along the Washash. The last few days an immense number has been sent west, however, and the railroad men are expecting a big rush of business of some kind. In two nights this week nearly 400 Washash empties went west.

The scarcity is ascribed by a well known railroad man in Decatur, to an increase in the business of the railroads all over the country. The mileage of the roads has largely increased, perhaps faster than the growth of the country, but the equipment has not been so rapid. Now an immense crop and a general activity in all lines of business finds the roads without rolling stock enough to meet the demand.

A Boy and a Story.

A boy who said his name was Joseph Kalm, and that his father was a broken down doctor at Lancaster, N. Y., was locked up last night by Officer Koeppe. He had just come in on a passenger train, and said he left home a week ago because the folks had some money to pay and were hard up. He was 17 years old, and with his brother had traveled as far as Danville. The brother played a mandolin and he sang on the streets. In that way they made considerable money. At Danville they separated, that he might come on a passenger train and the brother on a freight. They expected to meet in Decatur. The boy was about 15, a very bright youth and confident unusually well. It is thought he has run away from home.

He Idea of Babies.

A little pal of the famous boys in the habit of visiting certain houses in Boston, quite regularly, receiving food and sometimes other articles, which she shows away singly in the basket which is her constant companion. In her round of visits one day she was accompanied by another little girl, who had no basket. The good lady of the house, after supplying the little girl as usual, remarked: "Does not your companion want something, too?" "Oh, no," was the reply. "Such right her father works!"—Boston Times.

BIG THINGS IN THE WORLD.

The largest empire in the world is that of Great Britain.

The most extensive cavern is the Mammoth cave, in Edmonson county, Ky.

The Chinese wall is the largest wall in the world. It was built by the first emperor of the Tsin dynasty, about 250 B. C., as a protection against Tartars.

No true man will ever sink so low as to write an anonymous letter; he will have sense enough to see that he can make his letter very much more effective by signing it with his own name.—Somerville Jour.

Edith, as the one-armed organ player came in sight; Oh, mamma, just look at that poor man. All the sawdust has run out of one of his arms. Ain't that awful. —Terre Haute Express.

Death of an Old Man.

John Manley, 79 years old, died at 11:30 yesterday afternoon with diabetes, at his home, five miles northwest of Decatur. The funeral will be held at 1 o'clock to-day.
